Work-Study student employees must be enrolled half-time (6+ credit hours as undergraduate student and 3+ hours as a graduate student).

If a graduate student employee is in their final semester, they may continue employment as long as they are registered in a minimum of 1 credit hour.

Student employees currently hired in a department have the option not to enroll for one semester each academic year (fall-summer). During this time, student employees may work up to a maximum of 56 hours per pay period with an average of 28 hours per week during the pay period. *This does not apply to students who have not been enrolled for two consecutive semesters.

Example: A student was not enrolled in spring semester or summer semester but wishes to use the following fall for their semester to opt out of enrollment .

A student must be enrolled in the prior semester and registered for the upcoming semester before they are allowed to opt out a semester of being enrolled.

*For enrollment and employment requirements related to a student who is NOT a US citizen or a Legal Permanent Resident of the US please review the employment limitations below in Section VII.

Students admitted and registered to attend the University of South Alabama for the first time are not eligible to work as student employees until the first day of the semester.

Returning students who have applied for readmission and students who withdrew during a semester cannot begin working for the upcoming semester until the student has registered for classes for the upcoming semester. The student may not begin work until the first day of classes.

Example 1: Student withdraws during spring semester and has to cease work immediately. Student registers for classes for summer semester but cannot begin working until after spring exams are over and until the first day of the semester.

Example 2: Student has not been enrolled for several semesters and has applied for readmission and registered for classes for summer semester. The student cannot begin working until after exams are over for spring semester and until the first day of the semester.

It is recommended that student employees work no more than eight hours per day. Under special circumstances the supervisor may allow students to exceed the eight-hour limit. The maximum number of hours a student employee is allowed to work is 20 hours per week when classes are meeting. If a student holds more than one student employee job, the maximum combined hours a student may work between the jobs is still 20 hours per week, not to exceed 40 hours per pay period. If a department feels it is necessary to have a student work more than 20 hours per week or more than 40 hours per pay period, written approval must be granted in advance by the Provost and Executive President or their Vice President.

Students may not continue to work after they graduate.
